Hello Annie,

I hope this email finds you well.

Earlier this morning I sent you an email to notify you that I need to reschedule the in person meeting we had set for today at 11am for this issue.

Our office is currently not taking any in person meetings until further notice. We can have a phone call or reschedule the meeting for a later date.

Please let me know what works best for you,

Susana Carmona, Area Director

Susana,

This email is being sent to you as documentation of my efforts, as far back as 05/02/2019, to get a section of Glenoaks Blvd.'s sidewalk cleaned up/cleared to make it safe and sanitary for use by pedestrians. Additional pictures and documentation will emailed to you, as we discussed in our Neighborhood Watch Community Meeting yesterday.

Annie

Ms. Bell,

This is in reference to my emails to you regarding the fallen rocks/small boulders, brush, trash and soil covering large sections of the public sidewalks along the 10700 and 10800 blocks of Glenoaks Blvd. Since the first Service Request #1-1286273101 on Feb. 6, 2019, the sidewalk remains covered with large rocks/small boulders, soil, brush, illegally dumped trash and bulky items. Other Service Requests #1-13232264481 and #1-1330887061 were submitted on March 3,

2019 and April 4, 2019. Still nothing much has been done to clear the sidewalk in that area.

Today, I called 1(800) 996-2481 (Street Maintenance), and was directed to contact David Fletcher (Supvr. of Street Maintenance for this Area) at (828) 365-2572 and Ken Rodriguez (also a Supvr.) at (818) 756-8811. Mr. Rodriguez did not answer his phone. However, I was only able to speak with David Fletcher, but I do not feel I got any resolve from him to remedy the condition on Glenoaks Blvd.

Our community's concern is for the safety and cleanliness of our sidewalks and streets. Expressing our concern to him for safety of pedestrians using the sidewalk along the 10800 and 10700 blocks of Glenoaks Blvd., Mr. Fletcher simply stated no one has to step off the curb and into the street because "the sidewalk is walkable". THAT'S NOT TRUE! *Please see attached photos of a mother and 3 children walking along Glenoaks Blvd. The mother is walking in the street (due to blocked sidewalk) with small child in the baby buggy, while the other 2 children walk along the edge of the partially covered rock/small boulder, brush, soil and trashed-filled sidewalk. Numerous photos below show condition of the sidewalk. These photos were taken today!

We would appreciate any help from your department in getting this area cleaned up for the health and safety of pedestrians, especially for the MaClay Middle School students who walk daily to and from school along that stretch of Glenoaks Blvd.

Sincerely,

Annie Davis
